

Liam's Story About Going Outside

	<p>In our country there is a flu going around!</p>
	<p>A lot of people are getting sick.</p>
	<p>People can catch the flu from each other through germs! When we cough or sneeze, the germs come out!</p>

So for a while **everyone has to stay inside.**

Mammy can go to the shop for food but Liam will stay at home and mind Dad!

But Liam can still bring the dogs for a walk with Mammy!

	<p>In the meantime, we all just have to be careful and wash our hands.</p>
	<p>Washing hands is very important so we don't get sick.</p>
	<p>If we all follow the rules and be good, no one will get sick!</p>

So Mammy, Daddy, Kathryn, Michael and Liam will **stay at home and mind our family** for a little while.
